

KEY INVESTOR INFORMATION

EUR IH CLASS

This document provides you with key investor information about the Dominion Global Trends – Ecommerce Fund (“Ecommerce Fund”).

It is not marketing material. The information is required by law to help you to understand the nature and risks of investing in this Sub-Fund. You are advised to read it so you can make an informed decision about whether to invest.

Dominion Global Trends – Ecommerce Fund a sub-fund of Dominion Global Trends SICAV p.l.c.

Ecommerce EUR IH Class – (ISIN: MT7000014643). This Sub-Fund is self-managed.

Objectives and Investment Policy

The Investment Objective of the Ecommerce Fund is to achieve medium to long term capital appreciation. The Ecommerce Fund will seek to achieve this investment objective primarily through investment in a diversified portfolio of securities issued by companies with operations that engage in innovative and technologically advanced commercial transactions (ecommerce). In particular, the Ecommerce Fund will seek to invest in those companies that are directly or indirectly involved in the retailing or provision of goods and services through electronic and digital means.

The securities used within the portfolio may include companies producing goods and services with a significant dependence or exposure to ecommerce. Examples of the sectors that may be used for investment purposes are as follows: Financial Services, General Retailers, Industrial Engineering, Industrial Transportation, Leisure Goods, Media, Personal Goods, Software & Computer Services, Support Services, Technology Hardware & Equipment, Travel & Leisure (please be advised that this list is non-exhaustive and may change over time).

Up to 80% of the portfolio will be invested in companies with a market value in excess of €1 billion. The remainder of the portfolio may be invested in companies with a market value of less than €1 billion or that are about to become listed on recognised stock markets. The maximum for those companies not yet listed is 10% of the portfolio.

Ecommerce Fund may also use financial derivative instruments (financial instruments where the value is linked to the expected future price movements of the underlying assets) to protect the value of Ecommerce Fund’s assets. This is limited to a maximum of 10% of the total value of Ecommerce Fund at any time. Ecommerce Fund may also invest in other assets, such as cash (or near cash instruments) or debt securities.

The income in respect of shares in the Ecommerce Fund is not distributed but is retained.

You can buy and sell the shares on any business day in Malta.

Risk and Reward Profile

The above risk and reward indicator rates this Share Class as category 5 meaning that it offers a relatively higher risk of making a loss but also a relatively higher chance of making gains. It should be noted that even the lowest category on the indicator does not mean risk free.

Ecommerce Fund’s rating on this indicator is based on historical data and therefore may not be a reliable indication of the risk profile of Ecommerce Fund in the future. Further, the rating shown is not guaranteed and may change over time. Ecommerce Fund’s rating reflects the nature of its investments and the corresponding risks to which it is exposed. These risk factors, which include the following risks, may affect the value of Ecommerce Fund’s investments or expose it to losses:

Investment Risk

The price of the Shares and the income (if any) from them may go down as well as up reflecting the risk of investing in international markets and that investors may not receive back the amount that they originally invested.

Currency Risk

Any investments in international companies will mean that changes in currency exchange rates will have an impact on Ecommerce Fund. The Hedged Share Classes are designed to mitigate major sources of currency risk within the Ecommerce Fund’s portfolio by way of a hedging strategy implemented by the Overlay Manager.

Ecommerce Sector Risk

It cannot be guaranteed that investments in the Ecommerce Sector will generate continued growth in the future. It is also possible that the Fund may not be able to identify sufficient high-quality investment opportunities.

For more information regarding risks, please see the Section entitled “Risk Factors” in the Sub-Fund’s Prospectus. The section entitled “Practical Information” below explains how you may obtain a free copy of the Prospectus and other useful information.

Charges

The charges you pay are used to pay the costs of running Ecommerce Fund, including the costs of marketing and distributing it.

These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest¹

Initial Charge	None
Exit Charge	None

¹ This is the maximum that might be taken out of your money before it is invested/before the proceeds of your investments are paid out.

Charges taken from the fund over each year

Ongoing charge	1.31%
----------------	-------

Charges taken from the fund under specific conditions

Performance fee	None
Switching Fee	None

The ongoing charge figure is an estimate of the charges as the Share Class is new. The estimation generally excludes portfolio transaction costs, except in the case of an entry/exit charge paid by Ecommerce Fund when buying or selling units in another collective investment undertaking. The Fund's annual report for each financial year will include detail on the exact charges made.

For more information regarding charges, please see the Section entitled "Fees, payable by the Sub-Fund" in the Sub-Fund's Prospectus. The section entitled "Practical Information" below explains how you may obtain a free copy of the Prospectus and other useful information.
